How to Register for Classes

Double check the class number and section

Section	Class #	Type	Days	Time	Location	Instructor	Course Details [Key]
1	2989	LEC	ARR		Online	Sheryl Leonard	     

Make sure the course is listed as EU course

6. Options for Selecting a Class to add:
 1. Type in the four digit Class Number associated to your course and click Enter
 2. Click on Search to find a course based on Course Subject and Number (ex. MATH 150)

7. Once you select the class, you will be taken to the Enrollment Preferences page, where you will need to make choices prior to moving forward:
 1. If the Class is Open and does not need a permission number*, you can click on Next.
 2. If the Class is Full (Waitlisted) and you are interested in getting added to the Waitlist, click on the Checkbox "Wait list if class is full". Note: If the Class is Closed, no further enrollment in the class or on the Waitlist is being permitted.
 3. *Permissions Numbers are used:
 - i. Prior to the semester starting- to Enroll in a class where the pre-requisite is "Permission from Instructor to Add this class is required". These are typically senior level courses.
 - ii. Weeks 1-3 of the semester- to Enroll in a class. If you are granted permission to add, the instructor will give you a number.

Acknowledgement of Responsibility

In signing this document, I am verifying my full knowledge and understanding of my responsibility within the CSU CI Nursing Program as it pertains to required obligations, illness & injury, and accidents while performing any service as a CSU CI student.

I know that I am responsible for maintaining health insurance throughout the program in order to have coverage in the case of an injury or accident, as it is stated in the Student Handbook. If I am involved in an incident, I am solely responsible for covering the cost of my care, any follow up related to said incident, and agree to assume all risks related to gathering experience.

I also understand that if an incident occurs while at a clinical location, I am held to the policies and procedures of the facility and that my first responsibility is to notify my instructor of any occurrence in a timely manner. If I am found in violation of any CSU CI Nursing policy or procedure, while the incident took place, I may face disciplinary action.

- **Meet with your faculty minimally three times during the semester to review clinical expectations and assess progress**

**Remember to BALANCE
Work, Clinical/School, and Home Life**

**REST!
Take Breaks!**

EXXAT

- **The Nursing Program will start using Exxat this late Summer. Exxat is the Nursing Program's student tracking system for documentation of students' clinical time, procedures, and ePortfolio.**
- **The system is an internet-based integrated evaluation tool used to maintain a log of a student's hours and progress toward meeting the Program requirements**
- **Essential through clinical experiences.**
- **This valuable tool will be used throughout the program**
- **A brief tutorial will be covered during your Spring on-campus intensive**

Exxat Use

- **Expectation: FNP students will enter TIME LOGS, and CASE LOGS into the Exxat to document patient experiences, including how these experiences are linked to the FNP Essentials.**
- **Exxat is HIPAA compliant, and the data is protected.**
- **Students use Exxat to track TIME LOGS (shift time) and within that tracking can make notes to provide further information about the type of experience completed.**
- **Students are expected to indicate how these hours are linked to the FNP Essentials.**
- **For each TIME LOG (shift time), students are expected to categorize the hours based on the FNP Essentials.**

Exxat E-Portfolio

- **During each semester, students will complete a portfolio to document meeting the FNP Essentials.**
- **The portfolio function of Exxat is available to students through out your course sequence.**
- **Students are required to add documents to this section as they progress in the program.**

APEA MyQBank

- **MyQBank is a suite of seven question banks**
- **Nursing Program Use:**
 - **MyQBank Pathophysiology**
 - **MyQBank Assessment**
 - **MyQBank Prescribing**
- **Together, these banks provide 5,600 practice questions with detailed rationales.**

APEA Exams

- The APEA 3P Exam evaluates student knowledge of pharmacotherapeutics, pathophysiology, and physical assessment, which are indicators of clinical readiness. This is a 90-minute exam with 75 questions.
- The APEA University Predictor Exam is administered at the end of the last semester as preparation for the FNP, AGPCNP, PNP, and WHNP certification exams.
- The results predict likelihood of success on the national exams for these specialties. APEA's University Predictor Exam is considered a national standardized comprehensive exit exam and can be used as a tool for student and curriculum evaluation. This is a 3-hour exam with 150 questions.
